HTib (Home theater in a box) systems, Large format speakers, Tower speakers, A/V receivers, blu ray players, stereo setup, stereo touch panels, 3D projectors and accessories, motorized, fixed as well as specialized 3D screens, Automation and media streaming.
- **IT NETWORKING(Active & Passive Systems):**
Entire range of Products and Services from High-end to cost effective solutions for Passive infrastructure (optical Fiber, Copper), Network Racks, Smart Racks, Structured Cabling, Active Networking solution with Wireless(WIFI) routers and AP, Firewalls, Storage (NAS/SAN), PoE/Non PoE Manageable/Semi/NoN manageable Switches , Servers. Testing and certification of LAN/WAN networks.

Iridium Technologies offers only high quality and certified products (BIS, EQDC, CE, FCC, UL, EN-54, LPCB etc.) to our valued clients followed up with impeccable service and support. A dedicated QC teams ensures product and service quality. An ERP based CRM solution ensures fastest turnaround time and best quality of service,

Iridium Technologies is fully integrated right from imports and distribution to installation and support, translating into significant cost savings to the end user.

The Iridium advantage is a straightforward guarantee of best prices and high-end security with quality products, superior services and prudent solutions.

You, as well, have my personal assurance of offering the best after sales services that you and your associates so richly deserve.

We look forward to bring SAFETY, SECURITY, AUTOMATION AND COMFORT in your lives with our world-class products and services.

Thanking You,

For, Iridium Technologies
Paras Shah

PRODUCT OVERVIEW

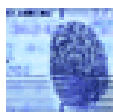

Access Control

Electronic Smart card & Biometric Door Access systems

CCTV

Video Systems, Monitoring, Digital and Extreme CCTV

Biometric Systems

Unique visitor & employee verification systems

Fire Fighting Systems

used to prevent, extinguish, localize, or block fires in buildings, homes, offices etc

Home/ Mini theater Systems

5.1/7.1/7.2/9.1 Solution for Home/ mini theater with complete equipment's

EPABX/VDP Systems

Including IP/Analog system for EPABX and VDP and multi apartment systems

IT NETWORKS(Active & Passive components):

IT infrastructure based solutions with the components required

Intruder Alarms

From single room to multi-site integrated solutions

Home Automation

Mobile operated Automation solution for Home, Office and Board Rooms

Fire Detection systems

Addressable & Conventional Fire Detection, Semi-Addressable Fire Detection.

PAVA Systems

Voice Evacuation, Background Music ,TCP/IP based Speakers, Pro Audio

Barriers and Turnstiles

Stand alone or integrated Entrance automation barriers and tripod/ turnstile systems

SERVICES OVERVIEW

System Design

Total security systems to meet the needs of your whole business

System Installation

Highly qualified engineers and network specialists ready to implement any system

Security Consultancy

Security needs assessment and risk management

Maintenance Contracts

Comprehensive customer care, after sale service and maintenance

QUALITY POLICY

Iridium Technologies is a leading Importer, Supplier and Integrator of Electronic Safety, Security and Automation systems.

Iridium Technologies is fully integrated right from imports and distribution to installation and support, translating into significant cost savings to the end user

We reaffirm our commitment for continual improvements through:

- Constantly upgrading our products, capabilities, technologies and infrastructure to gain a competitive edge and enable the growth of the company as well as the channel partners.
- Consistently meeting or exceeding our customer's expectations for product quality and performance.
- Providing techno-commercially viable solutions to customers
- Providing Training to our customers, associates and employees.
- Timely delivery of products and services to meet our customer's requirements
- Exploring new opportunities in product distribution and solutions at a national level
- Ensure low attrition rate and self motivated employees
- Continuous improvement of our processes and systems to try and meet international standards

Our motto:

To provide a straight forward guarantee of best prices and high-end security with quality products, superior services and prudent solutions to our customers

I: Improving Continuously

R: Responsibility and Respect for customers and each other

I: Integrity and transparency in all our dealings

D: Dedication to our jobs and towards our goals

I: Impeccable Competency at execution level for projects

U: Understanding customer needs to the fullest and fulfilling them

M: Motivated towards our goal of complete customer satisfaction

OUR VISION

Our vision is to provide the best efforts to protect and empower people, places and profits brilliantly by providing a cost effective, convenient competitive transparent, prompt and suitable product range along with service capabilities and by so doing become the industry leader and natural first-choice electronic security integrator.

OUR MISSION

Our Mission is to be totally customer focused by providing quality services to our existing as well as new customers with creation of wealth, value & satisfaction and also to provide latest technology after sales service through our experience and trustworthy brands.

CLIENT LIST

We at **Iridium Technologies** have succeeded in substantially growing our client base as a direct consequence of our policy of always offering customer centric solutions which are entirely need based and hence inherently cost effective.
